Bashar Mohamed Sayed

AI & Data Science Student

Cairo, Egypt | +20 114465 6494 | pasharmohamed8 @gmail.com

LinkedIn - www.linkedin.com/in/basharmohamed9

Objective

Ambitious and detail-oriented Artificial Intelligence student with a solid foundation in Data Science and Data Analysis. Hands-on experience in building Machine Learning and Deep Learning models with a focus on Computer Vision. Proficient in Python, TensorFlow, and Power BI. Skilled in Exploratory Data Analysis (EDA), Data Wrangling and Model Evaluation. Seeking an internship to apply technical expertise in solving real-world data Challenges.

Internships

– AI& Data Science Intern at National Telecommunication Institute (NTI) (August 2025 – Nov 2025)

- Studied core AI concepts including Machine Learning, Deep Learning, and Computer Vision.
- Developed a Deep Learning model to classify MRI scans for brain tumor detection with high accuracy.
- Achieved a final grade of 95% in the Artificial Intelligence program

– AI & Data Science Trainee at DEPI (Digital Egypt Pioneers Initiative) (Nov 2025 – Present)

- Currently undergoing intensive technical training in Advanced AI and Machine Learning applications.
- Developing practical skills in data analysis and deep learning models through hands-on projects.
- Active member in the track specializing in Artificial Intelligence.

– Machine Learning Trainee at SYNTECXHUB (Feb 2026 – Present)

- Focused on developing and implementing Machine Learning algorithms using Python.
- Gained hands-on experience with core libraries such as Pandas, NumPy, and Scikit-learn.

Education

- Bachelor of Science in Artificial Intelligence (AI)
- Institution: Faculty of Artificial Intelligence, Beni-Suef University
- Current Level: Third Year Student
- Expected Graduation: 2027

Projects

-Brain Tumor Classification from MRI Scans

- Built a Deep Learning model using the **VGG19** architecture for automated detection of brain tumors from MRI images.
- Focused on achieving high-accuracy classification to support medical diagnosis tasks.

- Sentiment Analysis of Twitter Data

- Developed a sentiment analysis model using the **RoBERTa** architecture to classify emotions in Twitter datasets.
- Achieved a high accuracy of **94%**.
- Implemented layer freezing techniques to optimize model training and performance.

Certifications & Achievements

- **Generative Artificial Intelligence Certification Issued** by: **Information Technology Institute (ITI)**.
- **Artificial Intelligence Certification** Issued by: **National Telecommunication Institute (NTI)** | Score: **95%**.
- **Artificial Intelligence Certification** Issued by: **Huawei**.
- **National Finalist, Huawei ICT Competition** (Cloud & AI Track)
  Qualified for the national stage for the 2025-2026 cycle.

Skills

-Technical Skills:

- **Programming Languages:** Python (Proficient).
- **Data Science & ML Libraries:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn.
- **Deep Learning Frameworks:** TensorFlow, Keras (VGG19, RoBERTa).
- **Data Analysis Techniques:** Customer Segmentation (K-Means), Association Rules (Apriori).
- **Tools & Platforms:** Git, GitHub, VS Code, Huawei Cloud

-Soft Skills:

- **Problem-Solving:** Strong logical thinking and competitive programming skills.
- **Continuous Learning:** Demonstrated through multiple certifications (NTI, DEPI, IBM).
- **Communication:** Effective technical communication and teamwork.
- **Time Management:** Ability to balance academic studies with intensive training programs

- **Languages**

- **English:** Intermediate (Good working knowledge).
  - **Listening:** 80%.
  - **Speaking:** 85%.
  - **Reading:** 95%.
  - **Writing:** 90%.

Volunteer Work

- **Volunteer, Watan Wahid Association for Charity and Social Development**
  - **Aug 2020 – Aug 2021**
  - Actively participated in the distribution of in-kind assistance and community services.
  - Collaborated with the team to ensure efficient delivery of aid to supported families.
- **Volunteer, Al-Fadl Charity Association for Social Development**
  - **Mar 2019 – Mar 2020**
  - Contributed to orphan sponsorship programs and provided support for the visually impaired and people with disabilities.
  - Engaged in various social services and community welfare initiatives organized by the
